

Home learning grid – Autumn Term 2

Here are the activities available for your child's home learning. The expectation is that your child will complete 1 activity a week from the range of subjects provided. Please make sure it's handed in by Wednesday of each week. Homework books will then be returned on the Friday. Have fun!

English	English	Reading
 <p>Research facts about wolves around the world. This is needed for the first two weeks of term 2 when we will be writing a non-chronological report about wolves.</p> <p> Include accurate details such as vocabulary relating to that animal and its habitat. Use formal phrases.</p>	 <p>Watch a TV documentary about an animal. Write a short report to share with your class.</p> <p> Write a review of the programme. Who was the presenter? Was the information presented clearly? Did you have any unanswered questions?</p>	<p>Keep up to date with your reading journal, try to read for 15 minutes a day. Remember to include your comments or reflections for an extra Dojo point!</p> <p> Read books by Michael Morpurgo or another recommended author for Year 5. Write a review for your friends to read.</p> 
Maths		Maths
<p>Use TTRockstars at least 5 times per week to practise your times tables. Remember that you are aiming to have your progress grid all coloured green!</p> <p> Keep a record of your progress. Challenge a friend to play against you.</p>	<p>We have looked at animal life spans in our Science lessons. Research the changes in human life expectancy over the past 300 years. Show what you have found out in a table or graph.</p> <p> Write some questions which can be answered using the data that you have collected.</p>	
Science	History/Geography	
<p>Research plants and animals native to Great Britain. Make a poster to show what you have found out.</p>  <p> Can you produce a graph to show which species are endangered in Great Britain?</p>	<p>How many famous naturalists can you name? What impact have they had on the conservation of animals? Find out the history of a zoo based in the UK.</p>  <p> Do you agree that zoos are a good idea or do you think all animals should be living in their natural habitat?</p>
