Headteacher:

This is Three Bridges Primary School's Publication Scheme on information available under the Freedom of Information Act 2000

The governing body is responsible for maintenance of this scheme and the qualified person is the Chair of governors.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public. To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available on our website and in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives of Three Bridges Primary School

At Three Bridges Primary School we believe that all children are entitled to receive the best education possible in order to develop to their full potential and become independent learners in an ever changing world.

Three Bridges Primary School offers equal opportunities for all pupils whatever their age, gender, ethnicity, attainment and background to develop to the full their personal, intellectual and practical capabilities. This involves a partnership between parents, staff and pupils. The school provides a happy caring and purposeful atmosphere where children are encouraged to be independent and develop their natural talents and abilities. We have high standards of behaviour based on respect for others.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

School Prospectus – information published in the school prospectus.

Governors' Documents – information published in governing body documents.

Pupils & Curriculum – information about policies that relate to pupils and the school curriculum.

School Policies and other information related to the school - information about policies that relate to the school in general.
