

COMMUNICATION

Newsletters

As a way of getting important information about events at the school, things your child will be learning/taking part in and forthcoming dates, the school regularly sends home school and key stage newsletters. These will be sent home via Educater Mail or via your child's school bag if you do not have internet access. We encourage all our parents to look out for these as parents/carers may miss out on important information such as a 'school closure day' when the newsletters are overlooked. The weekly newsletter is uploaded to the website and a copy can also be found on noticeboards on both sites.

Change of Details

All information that parents/carers supply the school on your child's initial enrolment form will be kept secure in their pupil file. Should we need to refer to this for emergency contact numbers, medical details, permission to pick up your child from school, etc. we must be certain that these vital bits of information are up to date. Therefore, should any of your child's details change, i.e. address, telephone numbers, medical conditions, please see a member staff in the school office as we will be happy to supply the forms for you to update this important information.
