

English

This term, we will start our English off by covering the punctuation and grammar points that are needed for Year 5, including the differences between common nouns and proper nouns. After this we will start our writing journey off by writing a non-chronological report about space, followed by a narrative and a persuasive advert.

Maths

In maths we are first working on addition and subtraction. We will then follow this by looking at place value, looking at numbers up to 1,000,000, money, negative numbers, before formal methods for multiplication and division including column multiplication and bus stop.

Science

In Science this term we will be learning about space. This will include learning about the phases of the moon, day and night cycle, and orbits as well as the planets of the solar system. We will also be learning about forces.

Key Vocabulary: Earth, Sun, Moon, planet, star, orbit, axis, full moon, new moon, waxing, waning, gibbous, crescent, friction, air resistance, water resistance, gravity.

How you can help at home

- Continue to read with your child at home and encourage them to read a range of genres of books.
- Stay up to date with the home learning.
- Continue to practise mental maths using TT Rockstars or <http://www.topmarks.co.uk/maths-games/7-11-years/mental-maths>
- Continue to practise spelling and grammar using Morphs

Year 5 Topic Map
