

# MAKE YOUR OWN SUPERHERO MASK

1. Photocopy this template or download one from [bigpedal.org.uk](http://bigpedal.org.uk) and distribute to each pupil.
2. Cut out the mask along the dotted lines – ensure a parent or teacher assists children when they are cutting out the eye holes.

3. Either use this template to decorate or draw round it onto thicker card or material.
4. Attach string or elastic to the holes on the sides of the mask and decorate!
